

FLOW STATE FOCUS®

THE ACCOUNTABILITY GROUP

ACCESSING THE SOURCE OF YOUR NATURAL GREATNESS

Welcome to The Accountability Group

Our Introduction

The **Accountability Group (TAG)** is a transformative accountability community dedicated to helping members achieve their greatest vision, goals, and aspirations through personal development and performance coaching.

We provide fundamental and advanced lessons, structure, and coaching support to get and keep our community focused on achievement through commitment and application.

Our Undefeated Bold Promises

- You will be thoroughly educated and empowered.
- You will move through resistance and procrastination.
- You will feel more optimism about yourself and your life.
- You will achieve your specific goals.
- You will be satisfied.
- You will realign your mind, heart and health.
- You will wake up with positive expectations.
- You will build sustainable practices and a new level of enthusiasm.

How TAG Works

TAG consists of 3 months or quarterly cycles. Each cycle begins with the EQ24 (emotional intelligence) **Live Coaching Course**.

Our first order of business *post-EQ24* is to get you comfortable inside of the **TAG system**. We provide a series of *fundamental and advanced* lessons for you to *become* very *clear, consistent, and accountable* to *all made commitments*.

We use 40+ years of combined *performance coaching* experience and tools to ensure all community partners are *centered, safe, and essentially prepared to successfully achieve.*

Our inside-out approach refines *realistic visions, acquisition and use* of new *performance skills, and available resources* needed throughout your journey.

Our TAG System

Our TAG system begins with the **EQ24** *emotional intelligence live coaching course.*

EQ24 is presented by your TAG Coaches as a necessary component and tool to excel in life, as well as in accountability and achievement.

Emotional intelligence (EQ) is learning to become aware, regulate, and manage your emotions, thoughts, and behaviors during interactions.

EQ also helps us respond to stimuli in our daily environments, during times of resistance, while keeping mental health and wellness at sufficient levels to accomplish goals.

TAG Coaching

TAG was created by Désirée and Dino, who have been accountability partners for nearly 5 years and counting.

What you will find is a perfect match of knowledge, experience, and dedication to ensuring all community members learn, remain accountable and coachable throughout their time in TAG.

Once inside the TAG system, you will receive:

- Assessments, Scheduling, and Community Parameters.
- TAG Individual Performance Agreement (*to be reviewed and signed*) and Individual Development Plans.
- Education and Performance Coaching, Visionary Formation, and Accountability Tracking.

Reaching the Heights of Achievement

TAG's approach to achievement doesn't include setting a series of goals and to-do lists that hold you hostage to keep a commitment or be unproductive to goals inside a serious lifestyle vision.

We understand visionary achievement requires alignment, consistency, and agility to obtain the gift of flow-state through accessing the source of your natural greatness.

Important Registration Information

TAG operates in 3 month (quarterly) cycles that begin with the EQ24 coaching course. We understand scheduling conflicts occur and we do our best to accommodate everyone as best as humanly possible.

Can you participate in TAG without taking the initial EQ24 coaching course? Absolutely, we can accomplish anything. However, when all community members begin on the same page, it makes flow-state happen organically. When EQ is missing, it can create challenges for you, and your assigned accountability partner.

EQ has a language of it's own we prefer everyone learn to move through resistance, remain self motivated, and manage obstacles life seems to throw us all.

If these dates are non-negotiably unavailable to you, please reconsider the magnitude of your choice. Joining TAG is a time and energy commitment, and a financial investment into your life and future. Whereas, we do not wish for you to incur additional cost catching up to the community.
